Hot keys for use in CBAS Graphics Programming

Middle mouse button (scroll button): Takes you back to the last screen you were in.

Space bar: While in Program Graphics Mode, the space bar hides or shows art (background picture). When art is hidden, only objects are shown, which makes it easier to edit graphics.

Ctrl + E: Toggles from Program mode to regular viewing mode if you're already in Graphics View.

Insert Graphic (Ctrl+Insert)
Delete Graphic (Ctrl+Del)
Delete Multiple Graphics (Alt+Del)
Position Graphics (Ctrl+Shift+P)
Duplicate Graphics (Ctrl+D)
